New Business

SMART Waste Removal

Assistant Planner Rutherford provided a summary of a DEEP program called DEEP Dive that Farmington is participating in. They do an analysis of the waste stream looking to reduce cost regarding how we handle waste. Looking to change to a "pay as you throw" system. SMART is a method of charging for trash disposal based on the amount disposed. The consultant will likely come speak with the Conservation Commission in February.

Textile Recycling

Simple Recycling does curbside textile recycling. This includes all textiles. Setup to be picked up on the same schedule as regular recycling. Farmington is looking into this service.

Water Division Hearing

Assistant Planner Rutherford commented on a text amendment to water diversion permit. A hearing was held December 20, 2016 but has not received a status update.

MS4

Draft plan is ready. Assistant Planner Rutherford is working with Bruce Cyr on it. The Draft plan will be posted to the Town website for public review and comment.
