The Designation

The Lower Farmington River and Salmon Brook Wild & Scenic Study is a partnership of town representatives, river organizations, CT DEP, and other river stakeholders who are gathering evidence and developing support for a National Park Service “Wild & Scenic” river designation. This designation recognizes the outstanding resource values of the very best rivers in the United States. Partnership “Wild and Scenic” status provides funding for river conservation while keeping river management in the hands of town government. Your support for designation helps ensure the protection and enhancement of these waterways.
